APPROVAL OF STATE ENGINEER.

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions:

This permit, to change the point of diversion of water heretofore appropriated under permit No. 6379, is issued with the understanding that no valid rights will be affected by the proposed change. A substantial headgate and weir must be installed at or near the new point of diversion to facilitate the measurement and control of water. The state reserves the right to regulate the use of water under the proposed change at any and all times.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 2 cubic feet per second.

Actual construction work shall begin on or before April 10, 1926.

Proof of commencement of work shall be filed before May 10, 1926.

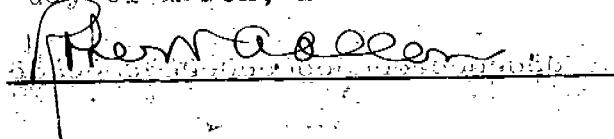

Work must be prosecuted with reasonable diligence and be completed on or before October 10, 1926.

Proof of completion of work shall be filed before November 10, 1926.

Application of water to beneficial use shall be made on or before October 10, 1927. Proof of the application of water to beneficial use must be filed with State Engineer on or before November 10, 1927.

WITNESS MY HAND AND SEAL this 22nd

day of March, 1926.
